On August 12th and 13th 2005 the new Peace Hills Park disc golf course held it's debut tournament as part of the 2005 Alberta Senior's Games (Seniors in Motion)

This new and very beautiful facility received rave reviews from players and spectators then and now, two weeks later, the same very challenging course will test some of the best disc golfers in Western North America as part of a tournament sanctioned by the Professional Disc Golf Association.

The 5th event on the 2005 Alberta Disc Golf Tour, the 2005 Alberta 'Open' Disc Golf Tournament, will occur Saturday August 27th, and Sunday August 28th at the Peace Hills Disc Golf Course in Wetaskwin. The course is located 1 mile north and ½ mile west of Wetaskiwin's most familiar landmark, the Water Tower.

Members of the public are invited to Peace Hills Park this weekend to watch top players make spectacular long drives and chain rattling putts during the course of play. This will be an especially good opportunity for members of local/regional recreation service providers and educators to come to Peace Hills and learn more about the exciting and fast growing sport of Disc Golf.
